Tiger Puppet

Materials
Old sock
Glue
Permanent color markers or just color markers
Lots of colored felt (red, white, pink, orange) or colored foam
Buttons
Fabric paint

How to make a Tiger sock puppet.

1. Find a clean, old sock.
2. Make sure the sock fits on your hand. Baby socks are much too small.
3. Find a good place to work. If it is nice, go outside.
4. Put down paper before you begin.
5. Paint the sock with fabric paint.
7. You can draw on stripes with a permanent magic marker.
8. Make eyes, ears, a nose and tongue.
